

Exam.	Regular		
Level	BE	Full Marks	40
Programme	BCE, BGE	Pass Marks	16
Year / Part	IV / II	Time	1 ½ hrs.

Subject: - Technology Environment and Society (CE753)

- ✓ Candidates are required to give their answers in their own words as far as practicable.
 - ✓ Attempt **All** questions.
 - ✓ **All** questions carry equal marks.
 - ✓ Assume suitable data if necessary.
1. What do you mean by Resource Mapping? Discuss about participatory approach for community management.
 2. What are appropriate technologies? How are they useful in least developed countries like Nepal? Justify with suitable examples.
 3. What is air pollution? What are the causes, impacts and mitigation measures of air pollution?
 4. What are the factors contributing to the climate change? Explain briefly the international efforts towards mitigation measures undertaken globally.
 5. How technology can control the price of basic commodities? Explain.

Exam.	Regular		
Level	BE	Full Marks	40
Programme	BCE, BGE	Pass Marks	16
Year / Part	IV / II	Time	1 ½ hrs.

Subject: - Technology Environment and Society (CE753)

- ✓ Candidates are required to give their answers in their own words as far as practicable.
- ✓ Attempt **All** questions.
- ✓ **All** questions carry equal marks.
- ✓ Assume suitable data if necessary.

1. What are the elements for the sustainable development? How can you say Indigenous technology are sustainable in case of Nepal?
2. Discuss about the major environmental issues of Nepal. How can we reduce air pollution of Kathmandu?
3. What are the primary reasons for human interventions in the ecosystem?
4. Describe causes and Impacts of climate change. How can we protect our National Parks and Conservation Areas .
5. How do you describe the LEP Approach for the development of Nepal? Explain advantages and disadvantages of LEP Approach.

Exam.	New Back (2066 & Later Batch)		
Level	BE	Full Marks	40
Programme	BCE, BGE	Pass Marks	16
Year / Part	IV / II	Time	1 ½ hrs.

Subject: - Technology Environment and Society (CE 753)

- ✓ Candidates are required to give their answers in their own words as far as practicable.
 - ✓ Attempt All questions.
 - ✓ All questions carry equal marks.
 - ✓ Assume suitable data if necessary.
1. What are the elements for the sustainable development? How can you say Indigenous technology are sustainable?
 2. What do you mean by climate change? Write major symptoms of climate changes in Nepal. State some international efforts for mitigation and adaptation of climate change induced problems.
 3. Define environment and ecosystem? Describe how the disposal of sludge and industrial waste results in pollution of river, lakes and canals? Recommended appropriate mitigation measures to minimize the impacts.
 4. Describe the major changes the industrial Revolution brought to human civilization.
 5. How do you describe the LEP Approach for the development of Nepal? Explain advantages and disadvantages of LEP Approach.
