

Vacancy Announcement: Urja Nepal Utility Internship Grants Program

Advanced College of Engineering Management (ACEM), affiliated to Tribhuvan University, seeks applications from qualified individuals for 40 internship positions in USAID's **Urja Nepal Utility Internship Grants Program**. The program intends to provide direct internship to the recent engineering graduates and CTEVT trainees, particularly women and minorities, in various offices of Nepal Electrical Authority (NEA).

- Positions** : Interns (Electrical)
- Number of positions** : 40;
(20 Electrical Engineering Graduates/Students
20 CTEVT trainees (Diploma Level-Electrical))
- Type** : Paid
- Duration** : 5 months
- Location** : Various technical offices of Nepal Electricity Authority (NEA) at Kathmandu Valley or in the vicinity for engineering interns and Karnali Province for Diploma level interns

Opportunity:

- Interns will be provided with an opportunity of hands-on experience in day-to-day activities of the national electricity utility, mainly focusing on the distribution aspects.
- Interns will be provided with the opportunity of field visits to various generating plants and substations inside Kathmandu Valley as well as outside the valley.
- Interns will be provided with one month of PSC examination orientation classes.
- Interns will be provided with a monthly stipend.

Eligibility Criteria:

- Recent engineering graduates in engineering or trainees from CTEVT with a focus on technical and vocational training.
- Females, individuals from underdeveloped regions, and minority groups, including people with disability are encouraged to apply.
- Candidates should demonstrate a keen interest in pursuing a career in the Nepalese power and utility sector.

Application Process:

Interested candidates are encouraged to submit their applications, including a cover letter and updated resume, by **25th January 2025**. Please include details about your educational background, any relevant experience, and your interest in the power sector.
