2075 Bhadra

Exam.	Regular		
Level	BE	Full Marks	40
Programme	All (Except B.Arch.)	Pass Marks	16
Year / Part	IV / II	Time	1 ½ hrs.

Subject: - Engineering Professional Practice (CE752)

- ✓ Candidates are required to give their answers in their own words as far as practicable.
- ✓ Attempt **All** questions.
- ✓ The figures in the margin indicate **Full Marks**.
- ✓ Assume suitable data if necessary.

1. Explain what type of Social change theory is suitable for your society. [4]
2. How do you define a Profession? What are the principles of engineering profession? [8]
3. What may be the job description of a freshly graduated engineer in a public sector? Explain. [5]
4. What is contract document? What are the essential elements of contract? Explain. [1+3+4]
5. What are difference between NEA and NEC? What are the necessities of a company registration in Nepal? [2+3]
6. What do you understand by the public private partnership in Nepal? What are the methods to resolve conflict? [2+3]
7. ABC computer consulting Pvt. Ltd was awarded a contract to install a WAN/LAN connection in XYZ Pvt. Ltd. Ram a computer engineer from ABC, went to install the WAN/LAN in XYZ. In the meantime, he was unsatisfied with his job, so installed WAN/LAN at XYZ negligently. After few weeks, manager of XYZ informed to manager of ABC that the installed system is not functioning properly. In response, Hari another engineer from ABC went back to check the installed system and found that Ram's mistake was there. It will cost NRs. 2 lakhs to maintain the system again. ABC claimed but XYZ refused to pay. Discuss who is to blame on which background. [5]

Exam.	New Back (2066 & Later Batch)		
Level	BE	Full Marks	40
Programme	All (Except B.Arch.)	Pass Marks	16
Year / Part	IV / II	Time	1 ½ hrs.

Subject: - Engineering Professional Practice (CE752)

- ✓ Candidates are required to give their answers in their own words as far as practicable.
- ✓ Attempt **All** questions.
- ✓ The figures in the margin indicate **Full Marks**.
- ✓ Assume suitable data if necessary.

1. a) Why are men and society so important to engineering profession? [4]
- b) Write Job Description for a freshly graduated engineer in government sector. [4]
2. a) Write down the fundamental characteristics of profession. List out the core ethical values to develop code of conduct for professionals. Define vicarious liability. [4]
- b) Recently the MPCD arrested few engineers of different stream on charge of producing and possessing fake engineering degrees and certifications. It is also not the case that the arrested engineers did not go to any engineering college. They did go to recognized engineering colleges and had attended the classes regularly during their academic course but had failed in few semester exams. Despite their repeated attempts, they were unable to overcome the fail results resulting harsh situation facing barrier for their career further education and professional development. In the meantime, they decided to get fake degrees and certifications to eliminate severe situations. Before arrest, they were working in esteemed company with recognizable performance. How do you judge the behavior/act of arrested engineers on which background? What will be your suggestion to mitigate such situation/incidents never happen again in the society. [4]
3. a) What do you understand by practical engineering profession? List down at least 5 organizations each in public and private sector. [4]
- b) What do you understand by Tendering? Why is the wall / services required tendering in government sector? [4]
4. a) What is an intellectual property right? Write company registration procedure in Nepal. [4]
- b) Define globalization and public private partnership. What are levels and sources of conflict in the organization? Elucidate the objective of safety engineering. [4]
5. Write short notes on: (any four) [2×4]
 - a) Technology and society
 - b) Scope of Nepal engineering council (NEC)
 - c) General condition of contract
 - d) Registration Process of engineering consulting form
 - e) Trade marks, Patents, Design

Subject: - Engineering Professional Practice (CE752)

- ✓ Candidates are required to give their answers in their own words as far as practicable.
- ✓ Attempt **All** questions.
- ✓ The figures in the margin indicate **Full Marks**.
- ✓ Assume suitable data if necessary.

1. a) What are the major activities to be governed by the society for its survival? Illustrate the impacts of computer on Nepalese society. [4]
- b) Explain how individual freedom balances societal goals. [4]
2. a) What do you mean by Profession? Explain its characteristics. [4]
- b) What is ethics? Write in short the code of ethics for engineering profession. [4]
3. a) What are the preparations to be made before inviting competitive bidding notice? How the contract can be interpreted in case of ambiguity? Define percentage contract and in which category of procurement, this form of contract is adopted? [4]
- b) What is intellectual property right? Write in briefly the working hour provision of labour law. Differentiate between public and private company. [4]
4. a) Explain business law and labour law in Nepal. [4]
- b) Explain globalization and cross cultural issues. [4]
5. Write short notes on: (Any four) [2×4]
 - a) Jurisdiction of Nepal Engineering Council
 - b) Job description of fresh graduates
 - c) Detailed duties and liabilities of an engineer and architect .
 - d) Nepal Engineers Association
 - e) Society and development

Exam.	Regular		
Level	BE	Full Marks	40
Programme	All (Except B. Arch)	Pass Marks	16
Year / Part	IV / II	Time	1 ½ hrs.

Subject: - Engineering Professional Practice (CE752)

- ✓ Candidates are required to give their answers in their own words as far as practicable.
- ✓ Attempt any **Four** questions.
- ✓ The figures in the margin indicate **Full Marks**.
- ✓ Assume suitable data if necessary.

1. What is social change? What are the factors causing social change? Describe the role of technology in social change. [8]
2. What is profession? Describe the code of ethics for engineers. Explain tort and liability. [8]
3. What is contract? Explain tendering process and contract agreement. Describe essential elements of contract. [8]
4. "Engineering profession always emphasizes on safety first in engineering delivery" Describe with typical examples. [8]
5. Write short notes on: (any four) [4×2]
 - a) Impact of computers in society
 - b) Labour and business law
 - c) Professional institutions
 - d) Conflict and dispute management
 - e) Building codes and by laws

Exam.	Regular / Back		
Level	BE	Full Marks	40
Programme	All (Except B.Arch.)	Pass Marks	16
Year / Part	IV / II	Time	1½ hrs.

Subject: - Engineering Professional Practice (CE752)

- ✓ Candidates are required to give their answers in their own words as far as practicable.
- ✓ Attempt **All** questions.
- ✓ The figures in the margin indicate **Full Marks**.
- ✓ Assume suitable data if necessary.

1. a) Discuss on the impact of technology into the society. [4]
b) Discuss about the engineering practice in Nepal. [4]
2. a) How does a moral dilemma occur? What are the bases to solve moral dilemma? [4]
b) What are the codes of ethics for engineers according to Nepal Engineering Council? [4]
3. Sub-contractor Mr. A was severely beaten by his labors because he had not paid them for more than seven months. During investigation it was revealed that client did not pay to the contractor and contractor did not pay to the subcontractor. The client didn't pay because consultant did not submit the necessary bill report. The consultant says the work is defective and quality of the work is not as per specifications. While the contractor does not agree because it was not informed on site and blames that the consultant wants covert money. Discuss the case considering contract law, tort, liability and negligence whatsoever applicable. [8]
4. a) Describe briefly the elements of contract? [4]
b) Define Tender, what are the essential informations to be given in the Tender Notice? [4]
5. a) Differentiate Patent right and Trademark right. Write down the characteristics of company business organization. What are the sources of business law in Nepal? [4]
b) How the PPP model help in any development activities? What is its significance in a developing country like Nepal? [4]

Exam.	OLD Back (2065 & Earlier Batch)		
Level	BE	Full Marks	40
Programme	BCE, BEL, BEX, BCT, BME	Pass Marks	16
Year / Part	IV / II	Time	1 ½ hrs.

Subject: - Engineering Professional Practice (EG766CE)

- ✓ Candidates are required to give their answers in their own words as far as practicable.
- ✓ Attempt any **Four** questions.
- ✓ **All** questions carry equal marks.
- ✓ Assume suitable data if necessary.

1. a. Define society. Differentiate between society and community.
b. Explain the role of Engineers in developing the Nation. Be specific to your study area.
2. a. Define Ethics. Justify the statement 'Engineering is a Profession'
b. Define Moral, Ethics and Code of Conduct. Why code-of conduct is necessary for Engineers?
3. a. What are the Objectives of Nepal Engineers Association? Give your opinion on how NEA can establish itself as leading professional association in Nepal
b. Define tender. Differentiate between bid security and performance security.
4. a. Define negligence, vicarious liability and liability of partners in Tort.
b. If you want to establish a consulting firm immediately after graduation?
5. a. Define copy right, patent right and trade mark. Explain the important features of Trade mark in Nepal.
b. An industry was using a chemical in making a product. The storage tank of the chemical waste, which was hazardous to health and environment, had a leakage. During inspection Er. X came to know leakage that had already taken place that might cause adverse impact on health and hygiene of the surrounding. You informed your boss about the event. Considering the possible social objection he requests you to be silent on the issue and also hints you that you may have to be out of the job if the case would go into the hands of social reformers. If you were Er. X what you would do?.

Year / Part	IV / II	Time	1½ hrs.

Subject: - Engineering Professional Practice

- ✓ Candidates are required to give their answers in their own words as far as practicable.
- ✓ Attempt any **Four** questions.
- ✓ The figures in the margin indicate **Full Marks**.
- ✓ Assume suitable data if necessary.

1. Er. Narendra Sah was working with the contractor in a construction project (say construction of housing complex in Kathmandu). He was given the responsibilities to control quality of work in the site. Incidentally, material supplier (Ramchandra) in the construction is a friend of Narendra. Owing to the road blockade and other strikes, Ramchandra was facing difficulty in supplying sand and aggregates as per the given specification. Sand and aggregates materials was available in the close proximity of the site, but it is slightly sub-standard. Ramchandra requested Narendra to allow this material to be used for construction. Ramchandra convinced Narendra that the strength of concrete shall be produced as per specification even with the use of sub standard materials. Ramchandra also offered to share 50% of the cost saved during this process. How do you judge the conduct of Narendra and Ramchandra on an ethical ground? [6+4]
2. a) What do you understand by society, social structure and community? Write down the elements of community. [3+2]
- b) How would you relate technology with social change? Describe briefly the factors causing social change. [2+3]
3. a) Define profession and professionalism. Describe briefly the features of profession. What are the factors affecting morale of profession? Describe briefly the fundamental ethical values for code of ethics. [1+1+1+2]
- b) What do you mean by professional association? Describe briefly the principal objectives of a professional body. State the provision of Engineering Professional Practice in Nepal. [1+2+2]
4. a) Describe intellectual property right? Elaborate what do you understand by the terms patent, design and trade mark. [2+3]
- b) Explain the different provision in the Nepalese legal system related to the practice of Engineering Profession in Nepal. [5]
5. Write short notes on: (any two) [2×5]
 - a) Valid, void and voidable contract
 - b) Occupational health and safety provisions in labor law 2048 BS
 - c) Negligence, liability and tort
 - d) Computer crimes and computer virus

Subject: - Engineering Professional Practice

- ✓ Candidates are required to give their answers in their own words as far as practicable.
- ✓ Attempt any **Four** questions.
- ✓ The figures in the margin indicate **Full Marks**.
- ✓ Assume suitable data if necessary.

1. a) What do you understand by society and community? Illustrate the characteristics of society. Write briefly the theories of origin of society. [5]
- b) What do you understand by Technology and Social change? Write down the factors governing social change? [5]
2. a) Define Contract. Discuss essential elements of contract? [5]
- b) Define Tender, tender notice earnest money and performance bond. Write down the contents of tender notice. [5]
3. a) What do you mean by Professional association? Discuss briefly on the principal objectives of professional body. Introduce Nepal Engineers' Association and Nepal Engineering Council. [5]
- b) What do you mean by moral and ethics? Write down the code of conduct to be follow by Engineers. [5]
4. A trial-bridge (suspension bridge) over the Bheri River at Shubhaghat near Mehalkuna bazaar of Surkhet district collapsed on 25th December, 2007. The collapse of the bridge claimed some 18 people's life and it is speculated that about 70 persons are missing in the Bheri river. The mishap happened while a large crowd of people (some eye witnesses claims 500 to 600 persons) were crossing the bridge to participate in a local fair on the other side of the bank. The bridge is located at about 10km northeast from the Chhinchu bazaar. The span of the bridge was 187 meters and was completed construction in the fiscal year 2063/064 (July 2006 / June 07). This was constructed by DDC-Surkhet, supervised by DTO-Surkhet and the consultant was FACE Consultant Kathmandu. The contractor was the DC Nirman Sewa, Nepalgunj. The fabricator of all the elements of the bridge was Hulas Steel Industries, Simara. Nepal Government has announced to conduct detail investigation of the incident. Initially, it was assumed that the bridge failed due to overload. Prior to the incident, the DTO technician had allegedly instructed the contractor to tighten the nuts of the bulldog grips of the main cables. The Chairperson of the Fair Management Committee has been quoted to say that the contractor has not tightened the nuts as was required. Preliminary investigations by the SBD Engineers seem to indicate that the bridge failed due to faulty bulldog grips. How would you judge the incident on the ground of professional ethics? [10]
5. Write short notes on: [10]
 - a) Health and safety provision of Labor Law 2048 B.S.
 - b) Tort, Negligence, Liability and Vicarious Liability
 - c) Computer Crimes
